

## Hanks Band 2016-2017 Fundraising Calendar

We have a very exciting year ahead. We will have some fundraisers that will go directly towards the booster account, some that will go to the student's account, others that may split between the boosters and the student accounts and others that will go directly towards band-sponsored activities. We encourage you and your student to sign up for as many fundraisers as possible, even if you feel it will not directly affect your student's account. The booster's account goes not only towards keeping student fees down, but also keeping the band program the high quality program it has been, by offsetting the costs that are constantly increasing.

Each student in the band program has a student account. In these accounts point balances are carried which can be used to cover expenses for band activities and expenses. Each point is equal to \$1.00. The primary function of a student account is for the annual trip. However, these points (i.e., monies) may be used for other items, which the State of Texas allows without penalty. Such items include travel expenses, band equipment in certain circumstances and several other areas. Points may NOT be used to pay for private lessons. Profit from individual fundraising is deposited as points directly into the student accounts.

Check your student account at <https://www.charmsoffice.com>. Log in using our school code. (hankshsband) Then enter your student password. (6 digit school ID) On the student page, click Finances.

Below are some of our fundraisers:
